Jim Vasi states anyone can join AAW for \$35 per year. This would also give those who join the insurance benefits. Jim Vasi also reported that **Rich Crino** has been ill and has had major surgery. Show & Tell: **Eugen Schlaak** – box elder vases & bowls with fabric dye, hard cherry with Danish oil. **Milt Ehrenberg** – walnut bowls & boxes. **Jim Vasi** – segmented bowl from last months demo. **Ron Mostel** – Pens and a great display box. **Omar Roszel** – pill boxes and a wall mount clock. **Marwin Feldman** – Baseball bat, discussed barrel lengths and diameters, bought blanks from a supplier in Pa. Thank you for sharing!!!!

Demo: **Steve Imerese** shared his art objects from the past five (5) years. WOW! Steve has become very good at making segmented art objects. Unbelievable, vases, bowls and plates. Steve and his son have taken some of the multi color wood segments, put them on a computer, reconfigured the pieces by cutting and re-gluing and the resulting designs are just great. Steve stated that an advantage to segmented vases is you can finish the inside prior to gluing on the smaller upper sections. THANKS FOR A GREAT JOB. Thanks also for sharing the handouts.

Next Meeting:
