

Craig will f/u with Barb B. regarding Boy Scouts who are again requesting a turning class at Barb's Barn. There maybe enough people for 2 classes and could include a general 'intro to turning' for anyone interested. More info to follow.

David Reimers reviewed the Veteran's Cane project which was begun in 2005 by his father. It was/is a collaborative community service project with carvers who make the cane heads and turners who make the canes-- all to be donated to disabled Veterans. Many thanks to Brian D. who made/donated a cane for this project tonight. YOUR HELP AS A TURNER IS NEEDED. Please make the cane base (dimensions are in the February Turners 2 minutes). Dave will be here again next month with carved handles for our canes. Also, please let Dave know if you know of any Veteran who can use a beautiful handcrafted cane. Dave can be reached at dreimers@globalccs.org (email printed with Dave's permission).

There is still time to participate in Totally Turning at the end of this month. See their website for more information.

The Ashley Harwood demo is being rescheduled. Additional info will be available next month.

Don't forget to sign-up for the "Turn-A-Thon" on May 4th at Buffalo Woodturning (247 Cayuga Drive Cheektowaga). It is a time to turn with fellow turners, learn new techniques (mentors will be available), and have some fun. There are 2 shifts available with a lunch break. Additional information is on our website (western New York turners.com).
